Changes June 2022 (Approved by Committee 26/09/22)

Moved Severity and likelihood to the right.

Added "Residual Risk" column.

Removed date columns as these Risks and Actions are all ongoing.

Combined "What are you already doing?" and "What else can you do to control this risk?" into 1 column "control measures"

Increased stationary object collision severity to "Medium"

Increased moving object collision to "High"

Re-written Coronavirus section.

Minor amendments made to other sections.
